

HARVEST CIDERS

OUR HARVEST CIDERS ARE PRODUCED FROM LOCALLY-GROWN TANNIC AND HEIRLOOM VARIETY APPLES.

CELLAR SERIES:

Guinevere's Pearls 2019

Imperial Semi-Sweet Cider

This small-batch imperial cider is made from 100% Vermont-grown Northern Spy apples. A renowned early 19th century baking variety, it has tremendous acidity, and a flavor that is brimming with autumn spices. To balance the acidity, we arrested the fermentation, leaving natural residual sweetness. The result is highly fruity yet smooth and balanced. Enjoy with savory crepes, cheesy pasta dishes, or smoked ham.

| | |
|----------------------------|---|
| Cider Character: | intensely fruity, carbonated |
| Fruit: | 100% Vermont-grown Northern Spy |
| Harvest Date / Press Date: | October 2019/ December 2019 |
